Hong Kong ICT Award 2008 Best Professional Development Award Call for Entry

The Office of the Government Chief Information Officer is organising the Hong Kong ICT Awards 2008 to recognise, promote and commend the excellent achievements to which Hong Kong ICT professionals and organisations contribute. The Section is commissioned to be the leading organiser of the Hong Kong ICT Awards 2008: Best Professional Development Award and today is the official launching date of the event.

The Hong Kong Section would like to invite you to take part and support the event. Please help to spread the message among your peers and encourage them to participate.

The [event details](#) and [application form](#) are available from our website.

IT Management Showcase 2008 Better Management of IT with People and Process

The Section is a supporting organisation of the IT Management Showcase 2008. The objective of the Showcase is to give participants practical insights into the latest development, trends and status in Information Security, IT Service Management and Software Quality. Check [this link](#) for details of the Showcase.
