Contact Address & Member Record Update

To maintain an up-to-date member record, members should always update their address or member records if it has been changed.

According to the BCS (Hong Kong Section)'s article, all BCS (Hong Kong Section) members should give a valid Hong Kong address for member communication and registration.

Please update your contact address and member record from BCS UK Portal (<http://account.bcs.org>) if it is necessary.

Upcoming UK Events:

Webinar: IoT - Hacking Embedded Devices

With increasing use of embedded devices in our world, security threats have also been increasing.

Ensuring security in embedded systems has become a great challenge, especially because of the limited hardware and software implementation options for the designers – and risks of future technological disasters

He will discuss possible causes of security threats and suggested solutions to protect the systems; and consider several dramatic examples, from hacked washing machines to out-of-control autonomous cars!
